Call for applications

As part of a collaboration with the Polytechnic University of Valencia (Spain), the Ecole Normale Supérieure of Abidjan, in conjunction with the Félix Houphouët-Boigny University, UFR SSMT, Solar Energy Laboratory, is launching a call for applications to teaching staff from the said establishments interested in an ERASMUS mobility grant.

Applications are received at the Solar Energy Laboratory of the Félix Houphouët-Boigny University no later than 5/1/ 2022.

The file must include:

- A cover letter
- Curriculum Vitae
- A work plan and possibility of future relations with the Polytechnic University of Valencia (UPV) in Spain.

An interview will take place with the candidates, in particular to determine the level of knowledge of the candidates in English
